

INDIANA JONES

THE VINYL KIT

© & TM 1993 Lucasfilm Ltd. All Rights Reserved.

good hands of some foolish village shaman. NO! , that staff belongs in the hands of a dedicated believer, a Thuggee. Tonight this meddling adventurer will get his, Say good-bye INDIANA JONES!

ASSEMBLY INSTRUCTIONS:

Before assembling your model take a moment to be sure you have all the correct parts.

- 1: HEAD
- 2: HAT TOP
- 3: UPPER BODY
- 4: LOWER BODY/ RIGHT LEG
- 5: LEFT LEG
- 6: RIGHT ARM
- 7: WHIP HAND
- 8: MACHETE HAND
- 9: WHIP HANDLE TAIL
- 10: LEFT ARM
- 11: LEFT HAND
- 12: MACHETE BLADE
- 13: HOLSTER
- 14: WHIP

Before assembly you will need to trim the excess vinyl from the pieces in your kit. This can be easily accomplished by heating the parts with hot water or

a hair dryer. This will make them soft and easily cut with a sharp hobby knife. Trim the pieces as close to the baseline surface as possible for the best fit.

To assemble your model you will need CYANOACRYLATE adhesive. A few small drops on the bond surface, followed by firm pressure should get a good bond. Any gaps left in your assembly can be removed by filling the seam with MODELING putty and sanding smooth when it has dried.

It is intended that you use the length of bendable plastic provided in your kit to form INDY'S whip. Simply double the length over and begin twisting each end in the opposite direction. This will 'knot up' the length of plastic creating a lumpy texture. Then simply bend your plastic into a curved 'S' like shape to make the snapping whip, and attach to the whip handle hand.

PAINTING INSTRUCTIONS:

To paint your INDIANA JONES model you will need the following acrylic paints:

- FLAT BLACK
- CHOCOLATE BROWN
- CARAMEL BROWN
- TAN
- IVORY
- PINK/BURGUNDY
- DRK CAUCASIAN FLESH
- MED CAUCASIAN FLESH
- RED BROWN
- BRASS
- MED BROWN
- LT BROWN

Before painting your **INDIANA JONES** kit, you should give it a light to dusting of spray primer. This will serve as a better base for your paints as well as help protect your finished kit.

Begin painting by giving the flesh areas a base coat of **DRK**

IVORY to paint in the eye area leaving a ring of **PINK/BURGUNDY** around the outside edge.

Tint the eye area with a slight wash of **PINK/BURGUNDY** and when dry, dot in the pupil of the eye with black. Paint the hair **CHOCOLATE BROWN** and then dry brush with **MED BROWN**.

CAUCASIAN FLESH and dry brush with **MED CAUCASIAN FLESH**.

When this has dried, thin down some **RED BROWN** paint to make a wash. With a fine point brush carefully deepen the shadows around the nose, the sides of the face, and in the eye sockets as well as in between the fingers of the hand and the outside edges where **INDY'S** shirt meets his skin. Add a small amount of **PINK/BURGUNDY** to the **RED BROWN** wash and touch in the lips and the finger nails.

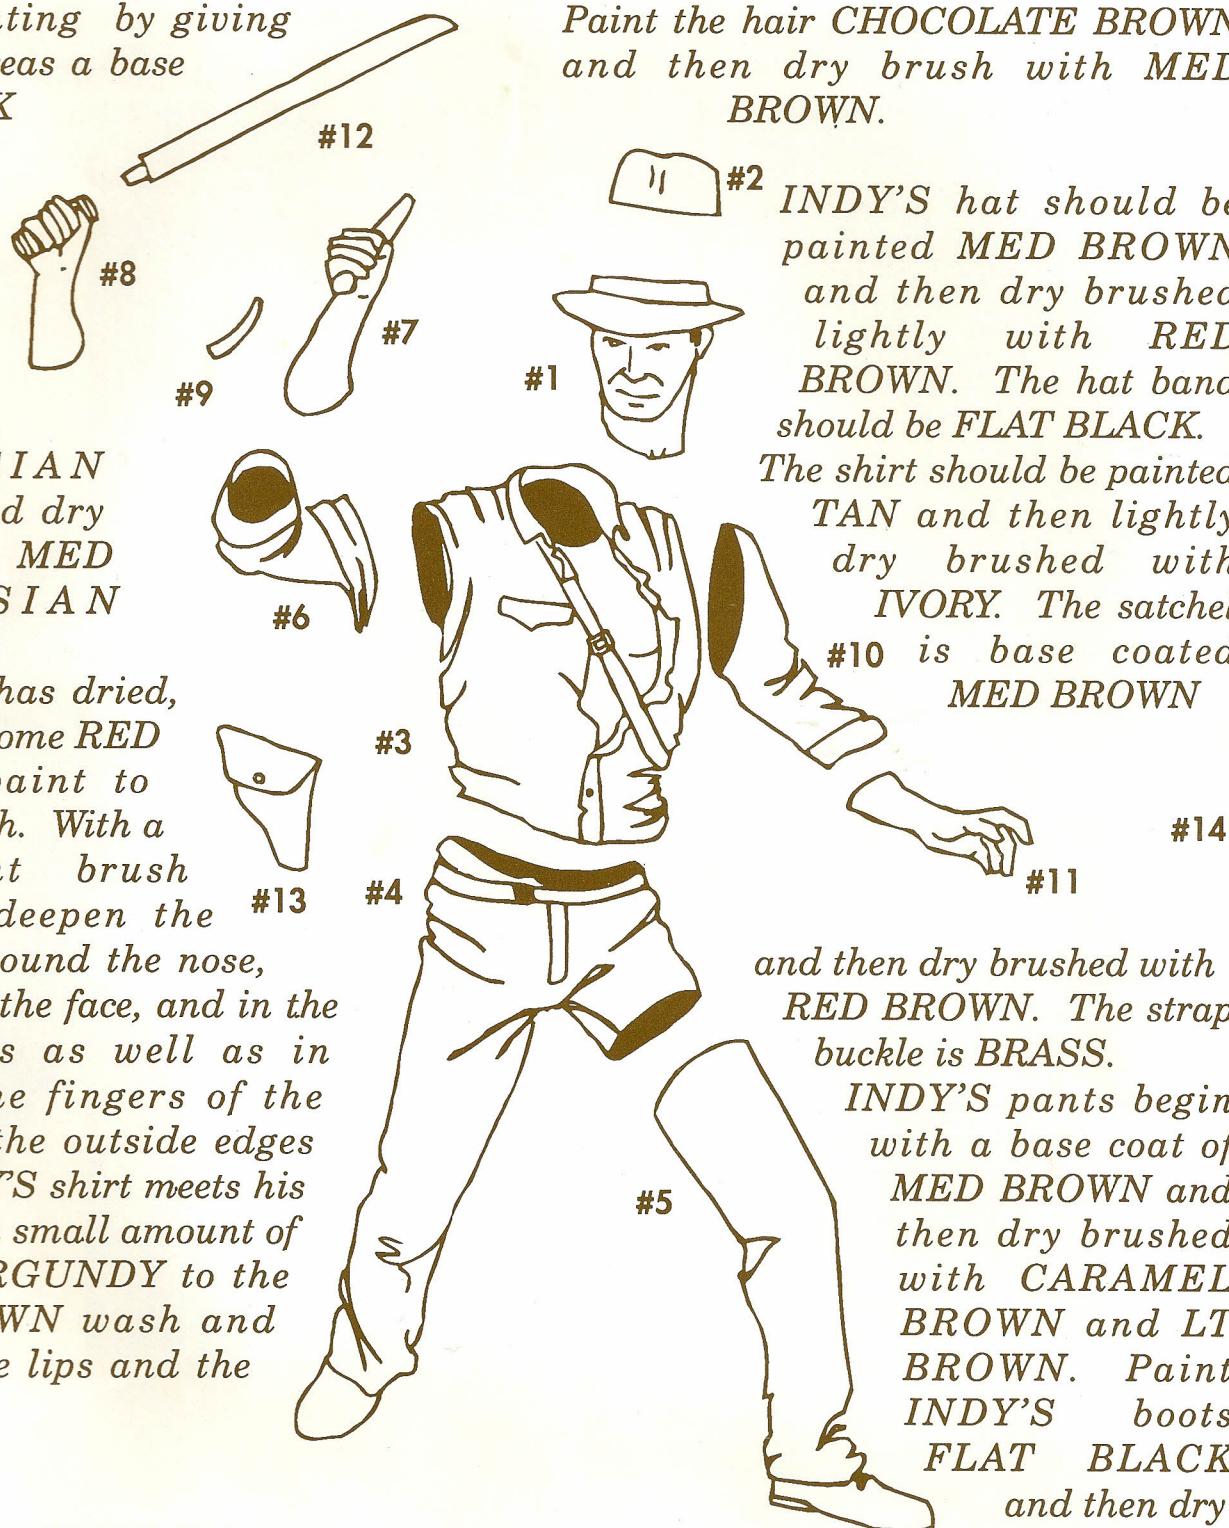

Using **PINK BURGUNDY** fill in the eyes. When this dries, use

INDY'S hat should be painted **MED BROWN** and then dry brushed lightly with **RED BROWN**. The hat band should be **FLAT BLACK**.

The shirt should be painted **TAN** and then lightly dry brushed with **IVORY**. The satchel **#10** is base coated **MED BROWN**

and then dry brushed with **RED BROWN**. The strap buckle is **BRASS**.

INDY'S pants begin with a base coat of **MED BROWN** and then dry brushed with **CARAMEL BROWN** and **LT BROWN**. Paint **INDY'S** boots **FLAT BLACK** and then dry

brush lightly with **CHOCOLATE BROWN** and then with **CARAMEL BROWN**. The holster should be base coated with **RED BROWN** and the dry brushed with **LT BROWN**, while the button fastener should be **BRASS**.

The whip or machete handle should be painted **CHOCOLATE BROWN** and the carefully dry brushed with **MED BROWN**. If you use the machete hand, base coat the blade with **FLAT BLACK** and then dry brush with **SILVER**. Wash a **RED BROWN** over the blade for aging.

To give **INDY** a dusty look, take some chalk pastel in a **TAN** color and a piece of sandpaper and rub the pastel against the sandpaper. This should produce a dust which can be brushed onto your finished model and sealed with a spray **ARTIST FIXATIVE**.

When your model is finished, glue him proudly on a nice plaque or create a diorama for **INDY** to adventure through.

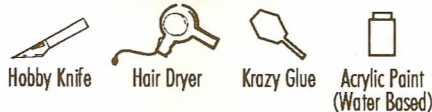

Once again that robust adventurer has escaped the clutches of disaster. The forces of evil and 'no good' lie beaten in the dust. Let it be known that no one stands between **INDIANA JONES** and the acquisition of museum treasures!

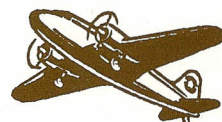

With the crack of his whip and the start of that all too familiar theme, **INDIANA JONES** is off on another adventure. See Ya Latter, *for*
